

TODAY'S STANDARD

Modeling Waves

"Develop a model of waves to describe patterns in terms of amplitude and wavelength and that waves can cause objects to move."

TODAY'S LEARNING GOAL

Modeling Waves

I *can...*

build a model of a
wave and show its
parts.

TODAY'S LEARNING GOAL

Modeling Waves

I *can*...

describe a wave using its height (amplitude) and how long it is (wavelength).

TODAY'S LEARNING GOAL

Modeling Waves

I *can...*

show how a wave can
make something
move.

TODAY'S LEARNING GOALS

*Modeling Waves***I can...**

- build a model of a wave and show its parts.
- describe a wave using its height (amplitude) and how long it is (wavelength).
- show how a wave can make something move.
