

## TODAY'S STANDARD

*Distribution of Water on Earth*

Describe and graph the amounts of salt water and fresh water in various reservoirs to provide evidence about the distribution of water on Earth.

## TODAY'S LEARNING GOAL

*Distribution of Water on Earth*

**I** *can*...

graph how much of  
Earth's water is salt water  
versus fresh water.

## TODAY'S LEARNING GOAL

*Distribution of Water on Earth*

# I *can*...

describe where the fresh water actually is (ice, lakes, groundwater).

TODAY'S LEARNING GOAL

*Distribution of Water on Earth*

**I** *can*...

use my data to argue  
why fresh water is so  
limited.

## TODAY'S LEARNING GOALS

*Distribution of Water on Earth***I can...**

- graph how much of Earth's water is salt water versus fresh water.
- describe where the fresh water actually is (ice, lakes, groundwater).
- use my data to argue why fresh water is so limited.
