

TODAY'S STANDARD

Cycling of Matter

Develop a model to describe the movement of matter among plants, animals, decomposers, and the environment.

TODAY'S LEARNING GOAL

Cycling of Matter

I *can...*

build a model showing
how matter cycles
through living things.

TODAY'S LEARNING GOAL

Cycling of Matter

I *can*...

describe the role of plants, animals, and decomposers in the cycle.

TODAY'S LEARNING GOAL

Cycling of Matter

I *can*...

use my model to trace
one atom through the
ecosystem.

TODAY'S LEARNING GOALS

*Cycling of Matter***I can...**

- build a model showing how matter cycles through living things.
- describe the role of plants, animals, and decomposers in the cycle.
- use my model to trace one atom through the ecosystem.
