

## TODAY'S STANDARD

*Geologic Time Scale & Rock Strata*

Construct a scientific explanation based on evidence from rock strata for how the geologic time scale is used to organize Earth's 4.6-billion-year-old history.

TODAY'S LEARNING GOAL

*Geologic Time Scale & Rock Strata*

**I** *can...*

read evidence from layers  
of rock to find clues  
about Earth's history.

TODAY'S LEARNING GOAL

*Geologic Time Scale & Rock Strata*

**I** *can*...

use the geologic time  
scale to organize  
major events in order.

TODAY'S LEARNING GOAL

*Geologic Time Scale & Rock Strata*

**I** *can...*

explain how rock  
strata show that  
Earth is very old.

## TODAY'S LEARNING GOALS

*Geologic Time Scale & Rock Strata*

# I can...

- read evidence from layers of rock to find clues about Earth's history.
- use the geologic time scale to organize major events in order.
- explain how rock strata show that Earth is very old.
