

TODAY'S STANDARD

*Cycling of Earth's Materials*

Develop a model to describe the cycling of Earth's materials and the flow of energy that drives this process.

TODAY'S LEARNING GOAL

*Cycling of Earth's Materials*

**I** *can...*

build a model that shows  
how Earth's materials  
cycle through the rock  
cycle.

TODAY'S LEARNING GOAL

*Cycling of Earth's Materials*

**I** *can...*

describe how energy from inside the Earth and from the Sun drives the cycling.

TODAY'S LEARNING GOAL

*Cycling of Earth's Materials*

**I** *can...*

use my model to  
predict where a rock  
might end up next.

## TODAY'S LEARNING GOALS

*Cycling of Earth's Materials***I can...**

- build a model that shows how Earth's materials cycle through the rock cycle.
- describe how energy from inside the Earth and from the Sun drives the cycling.
- use my model to predict where a rock might end up next.
