

TODAY'S STANDARD

Cell Structure & Function

Develop and use a model to describe the function of a cell as a whole and ways the parts of cells contribute to the function.

TODAY'S LEARNING GOAL

Cell Structure & Function

I *can...*

build a model of a cell
that labels each part.

TODAY'S LEARNING GOAL

Cell Structure & Function

I *can...*

describe what each
organelle does for the
cell.

TODAY'S LEARNING GOAL

Cell Structure & Function

I *can...*

use my model to explain
how the parts work
together to keep the cell
alive.

TODAY'S LEARNING GOALS

*Cell Structure & Function***I** *can...*

- build a model of a cell that labels each part.
- describe what each organelle does for the cell.
- use my model to explain how the parts work together to keep the cell alive.
