

TODAY'S STANDARD

Interactions in Ecosystems

Construct an explanation that predicts patterns of interactions among organisms across multiple ecosystems.

TODAY'S LEARNING GOAL

Interactions in Ecosystems

I *can*...

describe patterns like competition, predation, and mutualism in an ecosystem.

TODAY'S LEARNING GOAL

Interactions in Ecosystems

I *can...*

use those patterns to
predict how organisms in a
new ecosystem will
interact.

TODAY'S LEARNING GOAL

Interactions in Ecosystems

I *can...*

build an explanation
backed by real
examples.

TODAY'S LEARNING GOALS

*Interactions in Ecosystems***I** *can...*

- describe patterns like competition, predation, and mutualism in an ecosystem.
- use those patterns to predict how organisms in a new ecosystem will interact.
- build an explanation backed by real examples.
