

TODAY'S STANDARD

Anatomical Similarities & Common Ancestry

Apply scientific ideas to construct an explanation for the anatomical similarities and differences among modern organisms and between modern and fossil organisms to infer evolutionary relationships.

TODAY'S LEARNING GOAL

Anatomical Similarities & Common Ancestry

I *can*...

compare body structures
between modern animals
to find similarities.

TODAY'S LEARNING GOAL

Anatomical Similarities & Common Ancestry

I *can...*

compare modern
animals to their fossil
ancestors.

TODAY'S LEARNING GOAL

Anatomical Similarities & Common Ancestry

I *can*...

use my comparisons to
argue that organisms
share common ancestors.

TODAY'S LEARNING GOALS

*Anatomical Similarities & Common Ancestry***I can...**

- compare body structures between modern animals to find similarities.
- compare modern animals to their fossil ancestors.
- use my comparisons to argue that organisms share common ancestors.
