

TODAY'S STANDARD

Comparative Anatomy

Apply scientific ideas to construct an explanation for the anatomical similarities and differences among modern organisms and between modern and fossil organisms to infer evolutionary relationships.

TODAY'S LEARNING GOAL

Comparative Anatomy

I *can...*

compare body structures
between modern animals
to find similarities.

TODAY'S LEARNING GOAL

Comparative Anatomy

I *can...*

compare modern
animals to their fossil
ancestors.

TODAY'S LEARNING GOAL

Comparative Anatomy

I *can*...

use my comparisons to
argue that organisms
share common ancestors.

TODAY'S LEARNING GOALS

*Comparative Anatomy***I can...**

- compare body structures between modern animals to find similarities.
- compare modern animals to their fossil ancestors.
- use my comparisons to argue that organisms share common ancestors.
