

TODAY'S STANDARD

Changes by Thermal Energy

Develop a model that predicts and describes changes in particle motion, temperature, and state of a pure substance when thermal energy is added or removed.

TODAY'S LEARNING GOAL

Changes by Thermal Energy

I can...

build a model that shows how particles move in solids, liquids, and gases.

TODAY'S LEARNING GOAL

Changes by Thermal Energy

I can...

predict what happens to
particle motion when
heat is added or removed.

TODAY'S LEARNING GOAL

Changes by Thermal Energy

I *can...*

explain how thermal energy connects to changes in state.

TODAY'S LEARNING GOALS

Changes by Thermal Energy

I can...

- build a model that shows how particles move in solids, liquids, and gases.
- predict what happens to particle motion when heat is added or removed.
- explain how thermal energy connects to changes in state.
