

## TODAY'S STANDARD

*Thermal Energy Transfer Design*

Apply scientific principles to design, construct, and test a device that either minimizes or maximizes thermal energy transfer.

TODAY'S LEARNING GOAL

*Thermal Energy Transfer Design*

**I** *can*...

design a device that  
traps or releases heat  
as much as possible.

TODAY'S LEARNING GOAL

*Thermal Energy Transfer Design*

**I** *can...*

construct and test my  
device to see how  
well it works.

TODAY'S LEARNING GOAL

*Thermal Energy Transfer Design*

**I** *can...*

use my data to  
improve the design.

## TODAY'S LEARNING GOALS

*Thermal Energy Transfer Design*

# I can...

- design a device that traps or releases heat as much as possible.
- construct and test my device to see how well it works.
- use my data to improve the design.
