

TODAY'S STANDARD

Thermal Energy, Mass & Temperature

Plan an investigation to determine the relationships among the energy transferred, the type of matter, the mass, and the change in the average kinetic energy of the particles as measured by the temperature of the sample.

TODAY'S LEARNING GOAL

Thermal Energy, Mass & Temperature

I *can*...

plan an investigation to see how heat moves between different materials.

TODAY'S LEARNING GOAL

Thermal Energy, Mass & Temperature

I can...

test how mass and type
of matter affect the
temperature change.

TODAY'S LEARNING GOAL

Thermal Energy, Mass & Temperature

I *can*...

explain my results
using what I know
about energy transfer.

TODAY'S LEARNING GOALS

*Thermal Energy, Mass & Temperature***I can...**

- plan an investigation to see how heat moves between different materials.
- test how mass and type of matter affect the temperature change.
- explain my results using what I know about energy transfer.
