

TODAY'S STANDARD

How Producers Make Food

Investigate and explain how most producers can make their own food using sunlight, water, and carbon dioxide through the cycling of matter;

TODAY'S LEARNING GOAL

How Producers Make Food

I *can*...

explain how producers use sunlight, water, and carbon dioxide to make their own food.

TODAY'S LEARNING GOAL

How Producers Make Food

I *can*...

investigate what a plant
needs to grow and stay
healthy.

TODAY'S LEARNING GOAL

How Producers Make Food

I *can...*

describe how matter
cycles through producers
as they make food.

TODAY'S LEARNING GOALS

*How Producers Make Food***I can...**

- explain how producers use sunlight, water, and carbon dioxide to make their own food.
- investigate what a plant needs to grow and stay healthy.
- describe how matter cycles through producers as they make food.
