

TODAY'S STANDARD

Food Webs & Energy Flow

Describe the cycling of matter and flow of energy through food webs, including the roles of the Sun, producers, consumers, and decomposers; and

TODAY'S LEARNING GOAL

Food Webs & Energy Flow

I *can*...

build a food web that shows how energy moves from the Sun through living things.

TODAY'S LEARNING GOAL

Food Webs & Energy Flow

I *can*...

explain the jobs of
producers, consumers,
and decomposers in a food
web.

TODAY'S LEARNING GOAL

Food Webs & Energy Flow

I *can*...

describe how matter keeps cycling between living things and the environment.

TODAY'S LEARNING GOALS

*Food Webs & Energy Flow***I can...**

- build a food web that shows how energy moves from the Sun through living things.
- explain the jobs of producers, consumers, and decomposers in a food web.
- describe how matter keeps cycling between living things and the environment.
