

## TODAY'S STANDARD

*Patterns of the Seasons*

Collect and analyze data to identify sequences and predict patterns of change in seasons such as change in temperature and length of daylight; and

## TODAY'S LEARNING GOAL

*Patterns of the Seasons*

# I *can*...

collect temperature and daylight data across the year and look for patterns.

## TODAY'S LEARNING GOAL

*Patterns of the Seasons*

# I *can*...

predict what the next season will look like based on what I see now.

## TODAY'S LEARNING GOALS

*Patterns of the Seasons***I can...**

- collect temperature and daylight data across the year and look for patterns.
- predict what the next season will look like based on what I see now.
