

TODAY'S STANDARD

Modeling Landform Formation

Model and identify how changes to Earth's surface by wind, water, or ice result in the formation of landforms, including deltas, canyons, and sand dunes.

TODAY'S LEARNING GOAL

Modeling Landform Formation

I *can*...

model how wind, water,
and ice shape Earth's
surface into landforms.

TODAY'S LEARNING GOAL

Modeling Landform Formation

I *can*...

identify how deltas,
canyons, and sand dunes
form from these
processes.

TODAY'S LEARNING GOAL

Modeling Landform Formation

I *can*...

match a landform to the process that most likely created it.

TODAY'S LEARNING GOALS

*Modeling Landform Formation***I can...**

- model how wind, water, and ice shape Earth's surface into landforms.
- identify how deltas, canyons, and sand dunes form from these processes.
- match a landform to the process that most likely created it.
