

## TODAY'S STANDARD

*Describe Energy Transformations*

Investigate and describe the transformation of energy in systems such as energy in a flashlight battery that changes from chemical energy to electrical energy to light energy;

## TODAY'S LEARNING GOAL

*Describe Energy Transformations*

# I can...

trace energy as it changes form inside a system, like a battery to a flashlight.

## TODAY'S LEARNING GOAL

*Describe Energy Transformations*

**I** *can...*

give examples of energy transformations I see every day.

## TODAY'S LEARNING GOAL

*Describe Energy Transformations*

# I can...

describe the chain of energy changes from the start of a system to the end.

## TODAY'S LEARNING GOALS

*Describe Energy Transformations***I can...**

- trace energy as it changes form inside a system, like a battery to a flashlight.
- give examples of energy transformations I see every day.
- describe the chain of energy changes from the start of a system to the end.
