

## TODAY'S STANDARD

*Differentiate Between Earth's Spheres*

Model and describe how interactions among Earth's spheres, including the geosphere, hydrosphere, atmosphere, and biosphere, affect the Earth system.

## TODAY'S LEARNING GOAL

*Differentiate Between Earth's Spheres*

**I** *can*...

model how the geosphere,  
hydrosphere, atmosphere,  
and biosphere interact.

## TODAY'S LEARNING GOAL

*Differentiate Between Earth's Spheres*

# I *can*...

describe an event where  
two or more spheres affect  
each other.

## TODAY'S LEARNING GOAL

*Differentiate Between Earth's Spheres*

**I** *can*...

explain how interactions  
between spheres shape  
the Earth system.

## TODAY'S LEARNING GOALS

*Differentiate Between Earth's Spheres***I can...**

- model how the geosphere, hydrosphere, atmosphere, and biosphere interact.
- describe an event where two or more spheres affect each other.
- explain how interactions between spheres shape the Earth system.
