

TODAY'S STANDARD

Modeling Layers of Earth

Model and describe the internal structure of Earth, including the crust, mantle, outer core, and inner core, and how temperature and pressure change with depth.

TODAY'S LEARNING GOAL

Modeling Layers of Earth

I *can*...

model the layers of Earth
from crust to inner core.

TODAY'S LEARNING GOAL

Modeling Layers of Earth

I *can*...

describe how temperature and pressure change the deeper I go.

TODAY'S LEARNING GOAL

Modeling Layers of Earth

I *can*...

compare the properties of each layer and what they're made of.

TODAY'S LEARNING GOALS

*Modeling Layers of Earth***I can...**

- model the layers of Earth from crust to inner core.
- describe how temperature and pressure change the deeper I go.
- compare the properties of each layer and what they're made of.
