

TODAY'S STANDARD

Energy of Waves

Compare and contrast transverse and longitudinal waves, and describe how waves transfer energy from one location to another without transferring matter.

TODAY'S LEARNING GOAL

Energy of Waves

I can...

compare and contrast
transverse waves and
longitudinal waves.

TODAY'S LEARNING GOAL

Energy of Waves

I can...

describe how waves carry energy without carrying matter along with them.

TODAY'S LEARNING GOAL

Energy of Waves

I can...

give real examples of each kind of wave I can see or hear.

TODAY'S LEARNING GOALS

*Energy of Waves***I can...**

- compare and contrast transverse waves and longitudinal waves.
- describe how waves carry energy without carrying matter along with them.
- give real examples of each kind of wave I can see or hear.
