

TODAY'S STANDARD

Reproduction & Offspring Diversity

Compare and contrast sexual and asexual reproduction and describe how genetic variation in offspring of sexual reproduction contributes to the survival of a species.

TODAY'S LEARNING GOAL

Reproduction & Offspring Diversity

I *can...*

compare and contrast
sexual and asexual
reproduction.

TODAY'S LEARNING GOAL

Reproduction & Offspring Diversity

I *can...*

describe how genetic
variation comes from
sexual reproduction.

TODAY'S LEARNING GOAL

Reproduction & Offspring Diversity

I *can*...

explain why genetic variation helps a species survive over time.

TODAY'S LEARNING GOALS

*Reproduction & Offspring Diversity***I can...**

- compare and contrast sexual and asexual reproduction.
- describe how genetic variation comes from sexual reproduction.
- explain why genetic variation helps a species survive over time.
