

TODAY'S STANDARD

Newton's First Law of Motion

Investigate and describe
Newton's First Law of Motion,
including the role of inertia in
the motion of an object.

TODAY'S LEARNING GOAL

Newton's First Law of Motion

I can...

investigate Newton's First Law of Motion through hands-on examples.

TODAY'S LEARNING GOAL

Newton's First Law of Motion

I can...

explain how inertia keeps an object doing what it's already doing.

TODAY'S LEARNING GOAL

Newton's First Law of Motion

I can...

describe how mass affects
an object's inertia.

TODAY'S LEARNING GOALS

*Newton's First Law of Motion***I can...**

- investigate Newton's First Law of Motion through hands-on examples.
- explain how inertia keeps an object doing what it's already doing.
- describe how mass affects an object's inertia.
