

## TODAY'S STANDARD

*Thermal Energy in Systems*

Investigate methods of thermal energy transfer, including conduction, convection, and radiation.

## TODAY'S LEARNING GOAL

*Thermal Energy in Systems*

# I can...

investigate how thermal energy moves by conduction, convection, and radiation.

## TODAY'S LEARNING GOAL

*Thermal Energy in Systems*

# I can...

give a real example of each type of thermal energy transfer.

## TODAY'S LEARNING GOAL

*Thermal Energy in Systems*

# I can...

predict which type of transfer is happening in a given situation.

## TODAY'S LEARNING GOALS

*Thermal Energy in Systems***I can...**

- investigate how thermal energy moves by conduction, convection, and radiation.
- give a real example of each type of thermal energy transfer.
- predict which type of transfer is happening in a given situation.
